

BIO-SIZE PLUS

Product Information

GENERAL INFORMATION

BIO-SIZE PLUS is a natural fermentation by-product of selected beneficial microbes. **BIO-SIZE PLUS** is neither a plant food nor live microorganisms but it is designed to stimulate many of those essential microbial functions. **BIO-SIZE PLUS** helps regulate the distribution of nutrients equally to each fruit to improve evenness in fruit size and uniformity. **BIO-SIZE PLUS** stimulates the plants to better utilise their natural reserves and to grow at their full strength. It enhances the ability of plants to utilise nutrients more effectively. The result of the application of **BIO-SIZE PLUS** is healthier plants which in turn improves fruit uniformity and therefore can increase yields.

BIO-SIZE PLUS can be applied to ALL crops including all vegetables, Potatoes, Carrots, Onions, all berries and strawberries, all Brassicas, all fruit trees, Avocados, Persimmons, Citrus, all Nut trees, Vineyards, Kiwifruit, Tropical fruit, Lettuce, Asparagus, all Melons, Beans, Ginger, Ornamentals, Cut flowers and Pastures.

GUARANTEED ANALYSIS

Extract of microbial culture: 1.1%.

+ Amino acids

Total Water Contents: 98.9% (w/v)

KEEP OUT OF REACH OF CHILDREN

COMPATIBILITY: **BIO-SIZE PLUS** is compatible with almost all fungicides, fertilisers and insecticides.

BIO-SIZE PLUS is COMPATIBLE with trace elements, Magnesium, Potassium, Phosphorous and Calcium foliar nutrients.
